ORDER

This matter is before the Court on a motion by defendant to change his sentence. [DE 72]. On October 29, 2015, defendant was sentenced to a term of four months' imprisonment following a finding that defendant had violated the terms of and conditions of his judgment while on supervised release. [DE 71]. Defendant filed a motion on November 18, 2015, asking that his sentence be changed to 120 days and that he be permitted to finish his remaining term of incarceration at a half-way house. On December 8, 2015, the government moved to dismiss defendant's motion. [DE 74].

It appearing that defendant has served his active sentence and has been released from the Bureau of Prisons, *see* <http://www.bop.gov/inmateloc/>, defendant's request for a change in his sentence is moot. Accordingly, the pending motions in this action are hereby DENIED AS MOOT.

SO ORDERED, this 16 day of February, 2016.

TERRENCE W. BOYLE
UNITED STATES DISTRICT JUDGE
